

## PROFILE

I am a lecturer. I like to do research, there are studies that enter patent applications. Some of my research was checked on Google Scholar. I also like to make programs, and there are programs that have been released in PlayStore. I also like attending training. I like to be a teacher, programmer, and learn to increase knowledge.

## BOOK:

- Komputer Cerdas untuk Mahasiswa Teknik Informatika
- Buku Ajar Citra Binarisasi dan Enhancement

No. Patent Application: P00201709381

# NUR NAFI'IYAH

LECTURER, RESEARCHER, PROGRAMMER

## EDUCATION

**Lamongan Islamic University**  
2005-2009  
Bachelor of Informatics, GPA 3.61

**Surabaya College of Engineering**  
2011-2013  
Masters in Information Technology, GPA 3.76

**Sepuluh November Institute of Technology Surabaya**  
2019-now  
Doctor of Computer Science

## WORK EXPERIENCE

**Lamongan Islamic University**  
2011-now  
Lecturer, Researcher, Programmer

## SKILLS

- Creating Programs, with programming languages: Java, Python, C++, Visual Basic, Matlab, PHP.
- Conduct related research: data mining, artificial intelligence, image processing. Check Google Scholar
- Having a Java Programming profession certificate
- Have an educator certificate (lecturer certification)

## TRAINING

- Android Developer Expert Dicoding 2018
- Google Mobile Web Specialist 2018
- Oracle Academy Database Fundamental 2019
- IoT Inixindo 2019
- Google Bangkit 2020
- Digital Talent KemenInfo 2020
